

## **Reviews: Longer Route Training 2015**

-  *I feel this course is a benefit for anyone going to do HLTA. It made all of us reflect on our self-belief and push our own individual boundaries, (from a current HLTA).*
  
-  *By focussing on a case study, it made me recognise and discover what was happening in school, for example with policies. I felt secure throughout the course that my practice would not be criticised and was given advice instead.*
  
-  *The course helped me understand why we do things in a certain way and gave me time to think so I felt more positive about my ability. It helped me with lesson planning and reminded me of higher order questions, improving my questioning technique.*
  
-  *Reflection on practice helped me to develop my practice, highlighting areas for development and self-improvement. It brought a new awareness, and challenge but also confidence so that hopefully I will be able to do my jobs more efficiently and our students will become better learners.*
